Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Linda R. Judge on 7/21/05.

The application has been amended as follows:

In the **Claims**:

In Claim 1, line 3, prior to the word "operably" insert the word --each--.

It is noted that a provisional double patenting rejection over co-pending application 10/857,137 is of record. After applicants' amendment and arguments filed 6/24/05, it is the only remaining rejection. A provisional double patenting rejection over the instant application is also of record in the 10/857,137 application. Therefore, as noted in MPEP 804, when provisional double patenting rejections are present in two co-pending applications and when a provisional double patenting rejection is the only remaining rejection in an application, the examiner should then withdraw that rejection in one of the applications (e.g., the application with the earlier filing date) and permit the application to issue as a patent. The examiner will maintain the double patenting rejection in the other application as a "provisional" double patenting rejection which will

be converted into a double patenting rejection when the one application issues as a patent.

Therefore, the outstanding double patenting rejection over 10/857,137 is withdrawn and the provisional double patenting rejection in the 10/857,137 application will be maintained until issuance of the instant application. At such time the provisional double patenting rejection will be converted into a regular double patenting rejection.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Guzo, Ph.D., whose telephone number is (571) 272-0767. The examiner can normally be reached on Monday-Thursday from 8:00 AM to 5:30 PM. The examiner can also be reached on alternate Fridays.
